## Expertise

- JavaScript (ES6+)
- HTML5 & CSS3 /  
SCSS
- Responsive Design
- Git & GitHub
- Figma (UI/UX  
Design)
- BEM Methodology

## Language

SUkrainian — Native

English — Beginner / Elementary  
(A1)

## Experience

### Personal Portfolio Website

- Developed a high-performance portfolio website using Vanilla JavaScript and modern CSS3.
- Designed and implemented a custom Theme Engine for seamless Dark/Light mode transitions.
- Followed a Mobile-First approach to ensure perfect responsiveness across all devices.
- Architected the project from scratch in Figma, focusing on intuitive UI/UX and clean typography.

### Turbo Taxi Landing Page

- Built a pixel-perfect, multi-section landing page using Flexbox and CSS Grid for complex layouts.
- Implemented optimized assets and scroll-triggered animations to enhance user engagement.
- Ensured cross-browser compatibility and high Lighthouse performance scores.

### Task Master PWA

- Developed a dynamic task management application focusing on DOM manipulation and state handling.
- Integrated Local Storage API to persist user data between browser sessions.
- Implemented PWA features for offline reliability, real-time task filtering, and a responsive dashboard interface.

## Education

Self-Education (Frontend Development) — Online courses, intensive practice, and building real-world projects.
